

Endless Options Online Hiring Guide

After you receive an offer letter from Endless Options, you will be invited to complete the online hiring process via Paychex. Paychex will email you a link to complete the Employee Onboarding Process. You will also be able to create your Paychex Flex account. Before completing onboarding, please have your **social security number, Federal and State withholding details, and bank account & routing numbers (if you choose to be paid via direct deposit)**.

You will receive additional information about completing the fingerprinting process, obtaining driving information and records if necessary, and training.

When you open the link to Paychex Flex, please follow the instructions listed on-screen to input the following:

- 1. Your employee profile**
- 2. Your direct deposit information – if you choose to be paid via a mailed paper check, you may skip this section.**

When you enter your direct deposit information, you will see the “Allocation Method” and “Allocation Amount.” If you’d like all of your pay to be deposited into one bank account, select “Percentage” for the “Allocation Method” and type in 100% for the “Allocation Amount.” Please reach out to the office if you’d like your pay deposited in any other manner.

- 3. Your Federal W-4 Tax Information**

If you need assistance, please use the IRS’ Tax Withholding Estimator (<https://apps.irs.gov/app/tax-withholding-estimator>).

Endless Options are not tax professionals, however we suggest that since we are a part-time opportunity, you only complete Steps 1 and 5 of the Federal W-4 (Filing Status and Signature). This way, the additional withholdings can be taken out of your full-time job’s pay instead. Please consult with an accountant or the Withholding

Estimator if you need assistance. This information can be changed at any time.

4. Your Maryland MW-507 Tax Information

Like the Federal W-4, we suggest having additional withholdings taken out of your full-time job's pay. If there any tax exemptions that you qualify for, you will manually type in "EXEMPT" on the appropriate lines provided by Paychex. Please read through them carefully to verify that you qualify. This information can be changed at any time.

5. The I-9 Review

Please fill out the Federal I-9 as prompted by Paychex. An authorized Endless Options representative will review your documents. Information about acceptable documents for this portion of the hiring process can be found in this packet.

6. Please make sure that you have completed the "Final Message" on Paychex to finalize your onboarding.

You will be able to use your Paychex account to review your paystubs and yearly tax information. If you need to make any changes to your employee profile, tax information, or direct deposit after hiring, please contact the office.

Proof of Eligibility to Work

As your employer, the Department of Homeland Security dictates that we must obtain proof of your eligibility to work in the United States. You will complete your Federal I-9 form during online onboarding process through Paychex. Then, Endless Options will input information from these documents into their secure electronic system.

This proof includes one of the following options:

- 1. A citizen of the United States** (Proof includes passport, or Social Security Card and Driver's License as forms of State issued identification including picture ID)
- 2. A noncitizen national of the United States** (documents to prove birth in American Samoa or certain former Trust Territories of the Pacific Islands and certain children)
- 3. A lawful permanent resident** (provide alien registration number or USCIS number and documentation of this)

We hope everyone is doing well and staying safe during this time. We are reaching out to update you on our amended COVID-19 guidance, based on CDC, Maryland Department of Health, and Autism Waiver Appendix K recommendations.

Please be aware that as of December 20, 2021 telehealth services have been reinstated (IISS , Family Consultation, Supervision) under MSDE regulations.

For All Endless Options Employees

During home visits, staff should follow respiratory hygiene and cough etiquette, and hand hygiene. To the best of your abilities, follow social distancing guidelines, even within the home.

Please continue wearing masks while you are in the client's home to prevent any spread of disease, due to clients being back in school buildings and the continued reopening of Maryland.

In accordance with guidelines provided by the Maryland Department of Health, Endless Options requires that you complete the following steps before entering the client's home.

Staff must do a self-temperature check approximately one hour before their visit. If their self-temperature reading exceeds 100.4°F, they should NOT conduct home visits and should report their status to Ashley Suprik (443-326-0866) or Katie Will (410-271-9602).

If you successfully complete the self-temperature and health assessment, staff should then contact the client's parents one hour prior to the visit and ask if anyone in the household:

- Has fever, cough, shortness of breath, nausea, vomiting, or diarrhea
- Is currently sick with COVID-19 or the flu
- Has been told by a health provider that they should not have visitors due to illness.

Staff should NOT conduct home visits if they or anyone in the client's household appears to be ill. Staff needs to call Ashley Suprik (443-326-0866) or Katie Will (410-271-9602) prior to any home visit if anyone in the staff member's household:

- Has fever, cough, shortness of breath, nausea, vomiting, or diarrhea
- Is currently sick with COVID-19 or the flu
- Has been told by a health provider that they should not have visitors due to illness.

AT THE TIME OF THE HOME VISIT

Upon arrival for the visit, Endless Options asks that you assess and implement services to the best of your abilities. If you feel the environment possesses unsafe risk please call Joseph Lindemon (443-801-9501) for guidance.

We ask parents to provide soap and sanitizer for technician and student use (please let us know if you require these resources). Clean frequently touched surfaces or provide materials for the technician and student to use during sessions. Technicians and students should have a designated space for working which is away from other people in the home, to abide by social distancing guidelines. Please contact the office if there are any issues.

FOR STAFF LIVING IN THE CLIENT'S HOME

Please continue to monitor your family and client's health. If you, a family member, or the client are experiencing any of the following, reach out to your healthcare provider, discontinue services, and contact Ashley Suprik (443-326-0866) or Katie Will (410-271-9602) for further guidance:

- Has fever, cough, shortness of breath, nausea, vomiting, or diarrhea
- Is currently sick with COVID-19 or the flu
- Has been told by a health provider that they should not have visitors due to illness.

When providing in-home services, all family members should follow respiratory and hand hygiene, and cough etiquette. Please contact the office if there are any issues.

and Endless Options regarding positivity and/or symptoms. Reports should be made to Ashley Suprik (443-326-0866) or Katie Will (410-271-9602).

Job Description Technician

- After completion of your employee packet, criminal background check, office training, and in home orientation you will be eligible to begin work.
- It will be your responsibility to make contact with the family and to develop a schedule of days and times that you are able to work. Once a schedule is agreed upon we require 90% attendance to that schedule.
- In addition to developing a schedule, provisions need to be clarified with the family on how you and/or they will contact the other if you are going to be late or scheduled time will be missed. You must contact the family by phone at least 2 hours before the start of a shift if you are going to be late or miss a session. If the time is lost you must make every effort to reschedule that time.
- You will work directly with the child on his/her IISS treatment plan. Your job will be providing daily instruction in each of the areas outlined on the IISS treatment plan. That instruction may need to be carried out in the home, on the family grounds and/or in the community. The instructional goals will be developed by supervisory staff in conjunction with the family and/or other agencies involved with the care of the child.
- You will be assigned a supervisor who will work closely with you on any concerns you have on understanding the goal methodology that you are responsible for implementing and the completion of all data forms to training standards. Your supervisor will work directly in the home with you as outlined by COMAR regulations. In addition they will be on call during working hours and/or evenings. You can also call the program manager, Joseph Lindemon, with questions or concerns.
- If during the instructional programming the child becomes distressed or noncompliant it will be your job to implement behavioral protocols that you have learned during orientation training with your on-site supervisor or program manager. *At no time are you to place hands on a child in a way that has not been taught to you in your orientation training by your site supervisor.*
- As part of your work with the client, you must complete data on a daily basis that summarizes your interaction with your client for each individual session documented on your timesheet. You will be trained on completing data to company standards. Upon submission and review of your data, you will be paid.

- You will be paid by the 28th of each month for all time submitted to training standards. Failure to provide training standard documentation of services will result in a delay of payment for any hours in question.
- As an employee, you will be responsible for keeping a time sheet for the actual hours you work with the client. You can only bill for time you actually worked directly with the client. Billing must be reported in at least half hour increments and the client is limited on the amount of hours that can be billed weekly, monthly etc. It is your job to be aware of these limits; this information can be obtained by calling the office at 410-526-3637. Fraudulently documenting time on a timesheet that you did not work directly with your client will result in termination and criminal charges. Your timesheet must be completed to training standards before payment will be made to you.
 - An example of fraudulent reporting would be if you were scheduled to work and arrived late but still write your scheduled start time on your timesheet. If you arrive late then you document that time and adjust your leave time to the nearest half hour increment.
 - A second form of fraud would be “gifting” this is where a family tells you to put down hours as a bonus, payback or other reasons. You did not work those hours thus it is fraud.
 - A final example of fraud would be if you were going into the community with a client and you took him/her to a venue not approved by management and the family or you went to an approved venue but participated in active not geared to address the needs of your client.
